Professional Summary

Highly motivated Artificial Intelligence & Machine Learning student with strong programming and problem-solving skills in Java, Data Structures & Algorithms, SQL, DBMS, and Object-Oriented Programming. Hands-on experience developing backend and full-stack applications using Spring Boot, REST APIs, MySQL, and Spring Data JPA. Solved 350+ DSA problems and seeking software development opportunities to apply technical skills and contribute to real-world projects.

Education

Mohan Babu University , Tirupati, Andhra Pradesh <i>B.Tech in Artificial Intelligence & Machine Learning Full-time</i>	2023 – 2027 CGPA: 8.6/10.0
Board of Intermediate Education, Andhra Pradesh <i>Intermediate (MPC) / 12th (HSC) Full-time</i>	2021 – 2023 94.2%
Board of Secondary Education, Andhra Pradesh <i>Secondary School Certificate (SSC) / 10th</i>	2021 97.83%

Experience

Java Full Stack Development Intern – EduSkills	Aug 2026 – Oct 2026
- Participating in an AICTE–EduSkills Virtual Internship focused on Java Full Stack Development using Java, Spring Boot, Hibernate, MySQL, HTML, CSS, JavaScript, Git, and GitHub. - Developing practical applications involving REST APIs, CRUD operations, database integration, and full-stack development.	

Projects

Banking & Transaction Management System	GitHub
- Developed a microservices-based banking backend for authentication, account management, transactions, fraud detection, notifications, and auditing. - Implemented secure REST APIs using Spring Security and JWT with MySQL, Redis caching, Apache Kafka for event-driven communication, and transaction idempotency.	
Tools Used: Java 17, Spring Boot, Spring Security, JWT, MySQL, Redis, Kafka, Docker, Microservices	
Hotel Booking & Management Platform	GitHub
- Developed a full-stack hotel booking platform for hotel, room, customer, and reservation management using Spring Boot REST APIs and React.js. - Implemented JWT authentication, role-based access control, room availability validation, booking and cancellation workflows, and MySQL persistence using Spring Data JPA.	
Tools Used: Java, Spring Boot, React.js, MySQL, Spring Data JPA, JWT, Docker, JUnit, Mockito, REST APIs	

Technical Skills

Programming: Java, Python, C
Web: HTML, CSS, Bootstrap, JavaScript, React.js (Basic)
Backend: Spring Boot, Spring Security, Spring Data JPA, Hibernate, REST APIs, Microservices
Databases: MySQL, SQL, MongoDB, Redis
Core: Data Structures & Algorithms, OOP, DBMS, Problem Solving, Computer Networks, Operating Systems
Soft Skills: Communication, Teamwork, Problem Solving, Time Management

Certifications

Java Backend Development Certification – GeeksforGeeks	Certificate
Generative AI Certification – Pantech Solutions	Certificate
Java Programmer Certification – Cynohub	Certificate

Achievements

- Participated in AWS Student Community Day 2025 organized by AWS Cloud Club at Mohan Babu University.
- Solved 350+ DSA problems across coding platforms.
